

TES: ~ Handling Bow Numbers

Background

Bow numbers are used at some large events as an alternative hull identification method.

There are two options to implementing bow numbers.

- At the TopYacht level, where the bow numbers are used in boat identification.
See the TopYacht HELP topic **Bow Numbers**.

- At the TES level.

Prerequisites:

- A TES Administrator's Login,
- The Bow Number utility is enabled as part of the event setup by TopYacht Personnel
- The **Rep 7** **Press** bow numbers is enabled.

To Populate Bow Numbers:

Click **Press** under the **Rep 7** column on the front TES screen

Currently there are 64 competitors entered for this event.

In TopYacht:

- Read the TopYacht **HELP** topic about Bow Nos, and follow the instructions to configure TopYacht.
- Download the entrants into TopYacht.

Warning:

The procurement of numbers and their fixing may be a time-consuming and tedious task, with delivery times of sufficient numbers could be days, especially if the regatta is scheduled for the December-January period.
