

# TopYacht Database Reset.

## Synopsis

On rare occasions, an update of the database can be missed with new releases of TopYacht. This procedure will force TopYacht to update a database to make any field additions as needed.

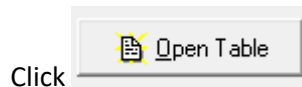

### **Warning:**

Only perform this operation when directed to by TopYacht Tech Support.

**Admin Mode | Database | Check:**

Click on the dropdown box, scroll to TABLEDEF.

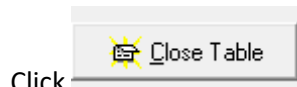

Identify DB\_DATE Field

NAME	TABLES_VERSION	USRCODE	USRTITLE	PRODUCT	PRODUCT_VERSION	SITEMAN	COUNTRY	STATE	CLUB	EXE_VER	DB_DATE
My Club	0	xx	Royal Geelong Yacht Club	3	100	10	AUS			10.9.12.3	20/11/2019

Change the date to (say) one year earlier

Press **Enter**

Close TopYacht

Restart TopYacht

The restarting of TopYacht will force the database definitions **for that database only** to be updated to the latest revision.
